

GENERATIVE AI COURSE FOR BEGINNERS

@Siddhardhan S

イタチ うちは

Why This Course?

Hands-On

Build real projects

Career-Focused

Industry-relevant skills

Future-Ready

Cutting-edge AI tools

What You'll Build

Chatbot

Conversational AI

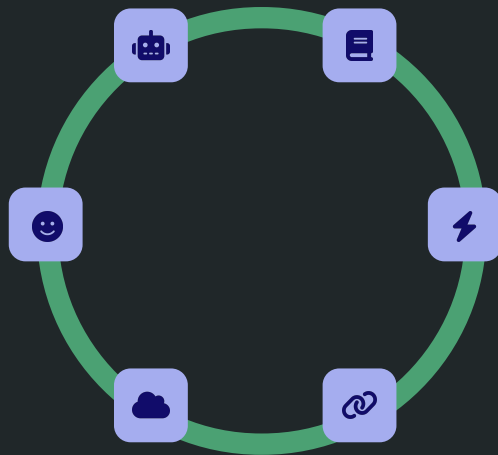

Capstone

Real-world projects

Deployment

Docker, AWS, FastAPI

RAG

Retrieval systems

AI Agents

Autonomous systems

MCP

Model Context Protocol

"

Let's Dive In 

— Ready to start your AI journey

Transform from beginner to Generative AI Engineer with hands-on projects and industry-ready skills
